

## DAYSTRONG SUPERBA TIGHTENING ROLLS

**DayStrong 835 Gray Roll with Orange End Caps  
for the TVP3 and 2S Superba Machines**

The DayStrong 835 gray roll with orange end caps was developed to meet the demands of the carpet industry for a roll that will process all types of fiber; nylon, acrylic, wool, polypropylene & polyester including PET on the TVP3 and 2S Superba machines

<b>Orange End Caps</b>	Developed for the TVP3 & 2S Superba machines the 80 Shore A nitrile rubber is formulated to resist heat buildup and seal at low pressure.
<b>Gray Main Body</b>	66 Shore A, specially formulated nitrile rubber for outstanding abrasion, chemical, tear and heat resistance.
<b>Lifetime</b>	Roll life depends on many factors – condition of side plates, lamellas, bearings, counter bands, metal belts, pressure settings, type of fiber, bulk of fiber being processed and temperature. DayStrong rolls provide excellent life under all conditions with lifetimes ranging from 3 months to over 9 months depending on running conditions.
<b>Services</b>	Recovering of customer cores - New metal cores with rubber covering - Roll exchange program
